

**RAFT...** A choice of two rivers, begin with a scenic bus trip or helicopter flight to start your rafting adventure.

**Shotover River (graded 3-5):** Our most popular river, you'll travel along the historic

Skippers Road. Once at Deep Creek it's time to raft! Practice your paddle techniques before hitting the white water rapids. You'll tackle the unforgettable 170m Oxenbridge Tunnel, before bursting into Cascade Rapid to complete this action packed adventure!

**Kawarau River (graded 2-3):** Suited to those looking for a more relaxed rafting experience. Paddle through the Lord of the Rings 'Pillars of the Kings' and under the Kawarau Bungy Bridge. Raft the famous 400m Dog Leg - New Zealand's longest commercially rafted rapid!

**HELICOPTER...** Jump aboard your twin engine turbine helicopter for a rollercoaster ride of excitement as you make your way to the rafting 'put-in' point. The only access to the Shotover River during winter months.

**Shotover Flight:** Look down upon the historic Skippers Road before flying up the spectacular Skippers Canyon - site of one of the world's richest gold strikes.

**Kawarau Flight:** Experience a scenic flight over Gibbston Valley winery area before you reach the Kawarau River right in the heart of the vineyards.

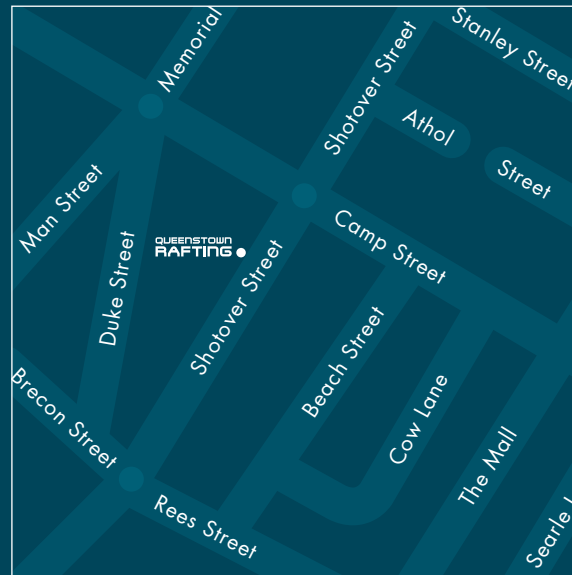

**JETBOAT...** Jump in, sit tight and feel your adrenalin surge as the accelerator hits the floor. Thirty minutes of heart pumping thrills as your Skippers Canyon Jet Boat roars past sheer canyon walls, skims shallow river channels and throws in a few world famous Hamilton 360° spins for good measure. Pure Adrenaline!

**4WD...** Steeped in gold mining history, the 'Skippers Road' is a recognised heritage road, carved out by hand over 120 years ago. However it's the heart stopping drive with steep cliffs, narrow bends and spectacular views to the river way below that makes this a 4WD experience in itself.

**SWING...** Swing 109m across the Shotover River Canyon. This option allows you the choice to first raft under the swing and view the 60m free-fall you will experience or swing first for a unique preview of the rafting canyon.
